Our school initiatives are on track to meet or exceed our targets

During 2017, we focused on maximising the benefits of this funding for our students. After reviewing our 2017 *Investing for Success* agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our initiatives to ensure that every student succeeds.

Initiatives implemented include ...

- Providing weekly release time for the school's four Neighbourhood Curriculum Leaders to oversee curriculum development, assessment calibration and the capacity building of teachers as expert teaching teams.
- Purchasing additional curriculum resources.
- Facilitating staff professional learning, mentoring and coaching to deliver consistent, high yield literacy and numeracy pedagogies across the school.
- Employing additional casual Teacher Aides to facilitate daily reading programs to ensure every P/1 Neighbourhood learner is read to and reads to an adult everyday.
- Building teacher skills and capacity in the analysis, scrutiny and actioning of reading data.
