

Term Three Challenge Day

The Challenge

In Neighbourhood Teams,
create a **multimedia
presentation** based on
your **informed
citizenship project**
being investigated and
a set of related quiz
questions to test the
knowledge of your
opposing Neighbourhoods.

Your presentation and questions will be used as part of a whole school 'Quiz Show' this afternoon at **2:00 p.m. in Zone 21.**

A set of **six** questions must accompany each presentation to be asked to opposing Neighbourhood Teams.

Bonus points may be awarded for the quality and creativity and degree of difficulty of the questions posed.

Neighbourhood Projects include ...

- Saving Loggerhead Turtles (PY/1)
- Water Systems and Weather (2/3)
- Butterfly Replenishment and Northern Hairy Nosed Wombat Preservation (4/5)
- Deforestation (6/7)

Neighbourhoods are challenged to produce a two to three minute multimedia presentation using their own choice of mode and medium.

For example, a MovieMaker
or Photostory documentary,
PowerPoint presentation,
a song with background
slides, an animation,
a pod/vodcast, etc.

You are only limited
by your imagination !

The presentation must inform your audience of your project with some key information you would be able to ask challenging questions on. Presentations should feature video, audio, written information and visuals.

Carefully compose **five** challenging questions based on **Bloom's Taxonomy** or the **Question Matrix** provided to promote higher order thinking and comprehension. These questions are to be presented as a PowerPoint Presentation.

A **variety** of questions should be provided as well as a range of responses including multiple choice, true/false, short answer, visual/auditory questions, etc.

Teams may also wish to be clever in the way questions are presented. For example the use of a 'blurred' image as shown below.

All teams must also include a **sixth** 'What or Who Am I ?' question with **eight** individual clues. This is to be presented separately to the other questions. Each clue is worth **ten points**. If the answer is guessed correctly at Clue One, **eighty** points will be awarded !

All questions must be presented as a PowerPoint Presentation for public display with a Quiz Sheet for the Quiz Master and distribution to other teams. An Answer Sheet is also required for our three judges. All materials need to be stored on the memory stick in your **Challenge Day Pack.**

Each Neighbourhood
must also nominate
an adult from their
Neighbourhood to
represent them in
the Quiz Show.

A **profile** of this person will need to be developed and produced in any media to share at 2:00 p.m. on the screens in Zone 21.

This may take the form of a video interview, film clip, PowerPoint presentation, a PhotoStory compilation, etc.

An example is outlined below for you as a guide in your Challenge Pack.

During the quiz, there will be **five rounds** featuring each Neighbourhood's Presentation and Questions as detailed below ...

Round One	Prep/One's
Round Two	Two/Three's
Round Three	Four/Five's
Round Four	Six/Seven's
Round Five	Mr Walker's Round
Round Six	Tie Breaker Round (If required)

Points and Judging

- Points will be allocated according to the **Criteria** and **Judging Sheets**.
- Each question asked is worth **ten** points.

Extra Points

A mascot that
represents your project
(500 points)

Extra Points

An A3 colour poster to promote your project that is created electronically, printed and laminated for display and inclusion in our next Newsletter. This may be scanned to create the electronic copy. (250 points)

Extra Points

A banner to identify
your Neighbourhood
(250 points)

Extra Points

A recorded song to introduce
your Neighbourhood
and contestant (300 points)

Extra Points

A distinct item related to your Project to be worn by the Neighbourhood contestant (200 points)

In Summary ...

- Multimedia Presentation featuring your Neighbourhood Project
- PowerPoint Presentation featuring **five questions**
- A sixth 'Who/What am I ?' question for the Compere
- **PowerPoint Profile** of Neighbourhood Contestant

- A Neighbourhood **Mascot**
- A **distinct item** to be worn by your Neighbourhood Contestant
- A **song** to introduce each Neighbourhood
- A **banner** to display on your Contestant's table
- An **A3 colour poster** depicting your Neighbourhood Project

See you at **2:00 p.m.**
in **Zone 21**
Good Luck !
