Thought of the Week
“I think it’s always a good move to listen to that inner voice, if it doesn’t lead to a crime.” - Lisa Kudrow

Virtue of the Fortnight
This week, we begin to explore the virtues that fall under our value of resilience. The first is that of patience. Patience is quiet hope and trust, expecting things to turn out all right. Patience is being calm and tolerant when difficult things happen. It means showing acceptance when you or others make mistakes. Patience is doing something now so that it will later bear fruit, just like planting a seed and waiting for it to grow. Patience is also a commitment to our futures. Please consider discussing patience with your child/ren over the next week.

Principal’s Message
Welcome back everyone to Term Four and what a busy time we have ahead of us over the next ten weeks. This term, our schoolwide curriculum focus is one of Healthy Citizenship, a timely focus given the change in season. It is great to hear from teachers the exciting curriculum offerings planned in each Neighbourhood this Term, including excursions and other special activities and events. It is fantastic to know that everyone in our learning community is aware of the structure of our Curriculum Plan and how our learning experiences are organised and delivered.

In 2012, all schools will commence delivering the Australian Curriculum (ACARA) in the Key Learning Areas of English, Mathematics and Science. Over the past year, much work has been undertaken by teachers to be fully prepared for this through the development of Scope and Sequence documents. This term, Education Queensland has released curriculum materials and resources to support schools in their implementation of the Australian Curriculum. This is known as ‘Curriculum to Classroom’ or C2C. Units of work and resources are accessible by teachers from OneSchool. This term, our Neighbourhoods are accessing these units, ready for the mandated implementation of ACARA in 2012. A big thankyou goes to our Head of Curriculum, Ms Moira Mackenzie and our amazing team of teachers who have worked so hard preparing for the implementation of ACARA next year.

Until next time,

Lyle Walker
Principal

Spell a Thon

This Term, we are conducting a Spell a Thon, following the completion of our Spelling Rules. The Spell a Thon has two key purposes. The first is to encourage students to apply their spelling skills and knowledge, the second as a fundraiser to assist in the purchase of classroom furniture in preparation for the 2012 school year. If every child was to raise just $10 in sponsorship, this would mean a profit of $2500.

Next week, every learner will receive a sponsorship sheet and a list of words to learn. For our students in Years Four to Seven, there will be an added twist. Students will be provided with a list of words and asked to spell words with a change in tense or an added prefix or suffix. This will really challenge our learners and see first hand the application of their spelling strategies, skills and knowledge. Some exciting prizes are on offer including a prize for the Champion Speller in each Learning Neighbourhood, the Grand Champion Speller in the School, the Highest Fundraiser in each Neighbourhood and the overall highest fundraising family and individual.

Term Four Student Free Days
Just a reminder to all families that our Term Four Student Free Days are Monday October 17th 2011 and Tuesday October 18th 2011. The school will be closed over these two days.

New Security Fence
This week, Mr John Spee, Education Queensland’s Security Adviser was on site to develop the scope of works for our new 2.2 metre, black powder coated security fence. Parkhurst State School will be the first school in the Central Queensland Region to have such a fence supplied and erected.

This particular type of fence is very attractive in appearance as well as a deterrent to potential trespassers. At the current time, work is expected to commence towards the end of this term with work completed by the commencement of the Summer Vacation period.

Parkhurst Recipe Book
The Parkhurst Parents and Citizens’ Association is publishing a 2011 Recipe Book. Please contribute your best and favourite recipes with your name to assist in the compilation of this book. We are also seeking any favourite hints and remedies to be included throughout the book. Our aim is to have this book ready for sale by Christmas. So, come on everyone and contribute your recipes by leaving them at the front Office or emailing them to admin@parkhurstss.eq.edu.au.
Year Seven Transition

North Rockhampton State High is conducting their annual Year Seven Transition Day on Tuesday November 29th 2011 from 9:00 a.m. to 1:15 p.m. Students will be supervised by North Rockhampton State High School Staff throughout the day. A complimentary barbeque lunch will be provided during the First Break. For more information, please contact North Rockhampton State High School on (07) 4924 7888

Prep Transition

Towards the end of each year, Parkhurst State School facilitates an information Session for all Parents and Carers of students enrolling in Prep. This year this session has been scheduled for Wednesday November 23rd 2011 at 3:10 p.m. in the Prep/One Neighbourhood. During this session, specific information will be provided regarding classroom and school routines, curriculum offerings, programs, uniforms, etc. This session aims to prepare both our new Prep learners and their parents/carers for the commencement of school.

Our new 2012 Prep learners are invited to attend our Prep Transition Morning on Wednesday November 30th 2011. Our 2012 Prep/One Teachers will have a range of activities on offer as an opportunity to meet with learners and their parents/carers. An invitation will be posted home next week to all of our 2012 Prep/One learners.

Reading Improvement

Our shared vision for reading is to work in partnership with parents and carers to develop multiliterate and independent readers and writers who are able to successfully make meaning, navigate, compose and challenge texts at their level.

Our seventh reading belief is that reading allows learners to enjoy, learn, communicate, interact and do. At Parkhurst State School, we recognise that reading provides a range of opportunities for our learners. We also recognise that reading can happen anywhere, at anytime, utilising a wide range of texts and media. Our fundamental aim is to provide opportunities for our learners to develop their full potential as literate citizens who can read an acceptable standard.

Reading must always be an enjoyable experience, using engaging texts that provide pleasure as well as information about the world we live in. Reading is also about communicating. The world we currently live in is technology driven. The internet has opened up a new world of texts for learners that provide opportunities to give feedback and link with others. Reading is also an opportunity for learners to create. Directions, instructions and recipes are examples of the types of texts that allow learners to experience this aspect of the reading process.

Everyday, we recognise that reading for every learner is an individual experience, engaging and interacting with a wide range of texts that meet their interests, needs and purposes. Learning experiences that provide opportunities for learners to interact with real and purposeful texts is essential. Such texts include newspapers, packaging, posters, videos, multimedia, magazines, etc. By utilising a wide range of texts, learners develop a deep understanding regarding text structures and features whilst developing their knowledge of the world around them and comprehension skills.

Glenmore High Transition

Glenmore State High School are currently planning their annual Year Seven to Year Eight Transition Program, which includes the annual ‘Big Day In’ in Week Nine. More information will be communicated through the Newsletter in coming weeks. Parkhurst State School will once again be coordinating a ‘Transition Retreat’ at Glenmore State High School for teachers to utilise the available facilities and break down some of the stigmas associated with secondary school.

This experience is a valuable learning opportunity for all learners, not only those attending Glenmore State High School. With Year Seven about to enter High School from 2015, all opportunities to inform our students of just what secondary school offers is valuable. Feedback from parents and carers of Year Six and Seven students participating last year was highly positive and supportive.

Book Club

Issue Seven of Book Club was sent home this week to all families. This will be one of our final orders for the year. All orders and payment are due back to Mrs Heather Stovold in Zone 21 by next Friday October 14th 2011.

National Test Results

Next week, all students in Years Three, Five and Seven will be receiving their 2012 NAPLAN Report issued by the Queensland Studies Authority. This report shows each learner’s performance in the areas of reading, writing, language conventions, spelling, punctuation and grammar and numeracy. It also indicates the performance bands achieved by each learner.

Year Seven Pilot

An announcement was made on Tuesday by the Minister for Education, the Hon Cameron Dick and the Premier regarding Glenmore State High’s participation in the 2013 Pilot to trial the implementation of Year Seven in the Secondary School. Just what this means to Parkhurst State School is yet to be determined. A major consultation process with parents and carers will be conducted to ensure the views, ideas and opinions of all stakeholders are considered.

Leaving Us or Joining Us in 2012?

Any specific information you can provide to assist us to determine an accurate total anticipated student enrolment for 2012 will assist us with our planning processes. If you are leaving Parkhurst State School in 2012 or you know of families joining us, we would love to hear from you.
The Australian Curriculum

Our school is preparing for the Australian Curriculum which will be introduced next year, and it is full steam ahead for our teachers who are currently receiving their planning materials for Term One, 2012. Students in Prep to Year Ten will learn English, Mathematics and Science in 2012 using the Australian Curriculum, and History will be added in 2013. Queensland’s implementation of the Australian Curriculum will build on the strengths in the existing curriculum, retain the best teaching and assessment practices and focus on continual improvement.

The Australian Curriculum will contribute to a world class education in Australia by setting out the knowledge, understanding and skills needed for life and work in the 21st century and by setting common high standards of achievement across the country. Parents can further support their child’s education by familiarising themselves with the new Australian Curriculum by visiting the following website …

Proposed Holiday Changes

Would you like to see the public holidays spread more evenly over the year? Think Term One is too long? Confused about when the Student Free Days fall? Then have your say on a major government proposal to change public holidays in Queensland and student free days in state schools.

The Queensland Government recently announced a review of the spread and allocation of public holidays in Queensland, as well as the arrangements for student free days in state schools. The proposed changes include moving the Queen’s Birthday Public Holiday to the second half of the year as well as allocating an additional public holiday when Christmas Day, Boxing Day or New Year’s Day fall on a weekend.

The Queensland Government is also proposing extending the Easter State School holidays to two weeks. This will be achieved by moving the student free days currently allocated for a local show holiday and at the start of Terms Two and Three to the Easter school holiday break. The changes are designed to help Queensland families find a better balance between work and family life. For more information about the changes or to have your say visit the following website link …

Stay Safe from Swooping Magpies

Protect yourself from swooping magpies this Spring. August to October is peak magpie nesting season. During this time, magpies often display territorial behaviour to protect their young including swooping at passers by. There are a few techniques that can be used to avoid or minimise the chance of a magpie attack.

The best is to simply avoid the area where magpies are known to be swooping. The Department of Environment and Resource Management also suggest the following safety tips …

- wear a hat, helmet or sunglasses
- get off your bike and walk
- walk in a group
- never approach a baby magpie
- keep an eye on the magpie, as they don’t tend to swoop when being watched.

If you are swooped, don’t stop or run, just walk away. And, most importantly, never deliberately provoke or harass a magpie. For more information visit www.derm.qld.gov.au
