Thought of the Week

“You’ve achieved success in your field when you don’t know whether what you’re doing is work or play.”

- Warren Beatty

Virtue of the Week

This week, our virtue of the week is that of caring for others. Caring is giving love and attention to people and things that matter to us. When we care about people, we help them. When we do a careful job or task, we give it our very best effort. Caring is also about treating people and things gently and respectfully. Please consider discussing caring with your child/ren this week.

Principal’s Message

We are now more than halfway through our first Term of learning and it is hard to believe we will soon be conducting our end of term activities and key events, such as our annual Easter Hat Parade, Assembly of Excellence, Year 4-6 Swimming Carnival, Annual Cross Country and Fun Run and Face to Face Reporting with Teachers.

Next week is Good News Week, the week we dedicate every Term to celebrating Good News and acknowledging the achievement and efforts of all members of our school community. At Parkhurst State School, feedback is one of our key priorities for 2015. Feedback helps us to understand the areas we are ‘glowing’ in as well as determining the areas requiring further growth. Being able to clearly state how we know we are progressing backed up by evidence is a skill we are striving to develop in our learners. Good News Week is also an excellent opportunity for you to pass on some good news to others too, sharing what you believe may be glowing. By working together, we can all make Week Eight great!

On a final note, this coming Tuesday night is our monthly P&C Meeting and Annual General Meeting at 6:30 p.m. in Zone 21. Everyone is welcome to attend and encouraged to become involved. Hope to see you there!

Until next week,

Lyle Walker

Mental Computation Strategy

In 2015, Numeracy is our major learning priority at Parkhurst State School and much work has already been undertaken. This week, the whole school has focused on the mental computation strategy of skip counting so Mums and Dads can assist their children to attain their full potential in Mathematics.

Skip counting is when there are more things to count than can be conceptually subitised. It makes sense to spot or make equal sized groups and to skip count. In the example below, the baby penguins for instance can be counted more speedily in twos than in ones. The second group can be counted in threes. In the first instance double 3 will be quick and easy and 3 more may be subvocalised as a count on. Students will soon begin to skip count fluently and bear in mind that skip counting lays the foundation for understanding multiplication.

Aluminium Can Collection
Empty aluminium cans may be left in the wired collection point at the front of the school for recycling. Every can means money for Parkhurst.

Get Set for Prep

Enrolments and Information Packages are still available for children who wish to commence Prep this year and in 2016. If your child turns five by June 30th, they are eligible for Prep that year. Late last year, changes were made regarding Prep. Principals now have the discretion to enrol students who turn five by July 31st. Prior to a decision being made, a detailed enrolment interview will take place to determine his/her suitability and readiness. The table below is a guide to assist families determine their child/ren’s Prep eligibility.

Priority School Review

In the second week of Term Two, Parkhurst State School will host a team of school reviewers from Monday April 27th 2015 to Thursday April 30th 2015 to undertake our school’s Priority School Review. Reviews for Queensland State schools are a key component of the Department of Education and Training’s School Improvement Agenda, with every state school, including independent public schools being required to conduct a review at least every four years.

The feedback we will receive from the Team as a result of this review will enhance the Quadrennial School Review developed in 2014, following our combined Teaching, Learning and Discipline Audits in June. The Review Team will also examine several pieces of important information including our …
- Student Attendance Data
- School Opinion Survey Data
- Academic Performance Data (including NAPLAN Results and Report Card A to E Ratings)
- Available Feedback

Like our Audits in 2014, several parents will be interviewed about our school as part of the review, as will many of our Teachers, Teacher Aides, Support Staff, Student Leaders and Administration Staff. On completion of the Review, the team will present their findings to our school Leadership Team. A written report will then soon follow, with more detailed information to support the school’s Improvement Agenda. In addition, our Assistant Regional Director, Mr David Roach will be provided a copy of the Report to assist us to develop a plan in response to the findings.

We are looking forward to the review, which will be conducted by three Officers not yet known to our school.

Face to Face Reporting

At the end of Term One and Term Three each year, all parents and carers are invited to meet face to face with classroom teachers to discuss their child/ren’s progress and achievement over the past Term. This conversation will also extend to other areas, including behaviour and specific learning goals that have been developed as a result of the information that has been collected.

Early next week, all families will receive a special invitation to indicate the preferred days and times to meet with your child/ren’s classroom teachers. Please note days and times are not restricted to those indicated and there is room for negotiation.
Demand Writing Program
The school’s Demand Writing Program is just one of our many school improvement strategies that assists all learners from Prep to Year Six to develop their writing skills, stamina and attitude towards writing. Below is this week’s Persuasive Task.

Which would be the cooler place to live? A castle or a treehouse? Which would you choose? Why?

Get Set for NAPLAN
Parkhurst State School, like all schools across Australia are well into our preparations for NAPLAN 2015 for all Year Threes and Fives. This preparation includes our weekly targeted intervention and extension groups, whole school Demand Writing, Support a Reader, differentiated classroom programs and small group literacy and numeracy workshops. The text below is an example of what our Year Three learners may experience as a part of the NAPLAN Reading Test, followed by the types of
questions that may accompany it. You might like to consider spending a few minutes with your child/ren to go through this example with him/her.

The National Assessment Program Literacy and Numeracy (NAPLAN) will be conducted from Tuesday May 12th 2015 to Thursday May 14th 2015. Prior to the Tests, all Principals must have finalised student participation in the NAPLAN tests. All students in Years Three and Five are required to sit for the tests unless they are withdrawn by parents or carers.

Where parents/carers do not want students to participate in the test, they must advise the Principal of their request. Students who are withdrawn from the tests will have no result recorded and no report will be provided. Adjustments may be permitted for students with a disability to support their access to the tests and facilitate maximum participation.

Teachers and parents will identify students who qualify for adjustment. Parents of students who have been identified as requiring adjustments will receive a letter prior to the Autumn Vacation period. If you have any questions regarding this year’s NAPLAN Tests, please contact Moira Mackenzie, Alana Fitchen or myself.

This may include Easter Eggs, every day household items, chocolates, gift cards, etc. If every family donated one item, we would have more than enough prizes.

Tickets have been sent home to all families in books of ten for $1.00 per ticket. Prizes will be drawn at our annual *Easter Hat Parade* on Thursday April 2nd 2015 in the Assembly Area at 2:00 p.m.

**Year 4-6 Swimming Program**

Our annual *Senior Swimming Carnival* will be held to culminate the Program on Monday March 23rd 2015 from 9:00 a.m. to 11:00 a.m. at the Central Queensland University Sports Complex Pool. All parents are invited to come along as spectators or to assist. Hope to see you there!

If you have not already done so, please notify the school as soon as possible of the reasons for your child’s absence so that school attendance records are accurate.

**Selecting Appropriate Books**

The ‘Five Finger Rule’ is a great strategy to use when selecting appropriate books for your child/ren. Open a book to any page and start reading. Hold up one finger every time you see a words that you do not know. The graphic below indicates the level of the book.

**Five Finger Rule**

0-1 = too easy
2-3 = just right
4 = okay to try
5+ = too hard

*Quiz Worx* is an interdenominational Ministry from New South Wales that performs Puppet Shows to 20 000 children throughout Australia every year. They teach about friendship, forgiveness and ‘foreverness’. They are coming to Rockhampton for one week and will be performing their thirty minute show for all students who participate in Religious Education on Monday March 30th 2015 in the Assembly Area at 2:00 p.m.
Japanese Cultural Tour

Next Wednesday March 18th 2015, Parkhurst State School will be hosting a Japanese Cultural Performance for all Prep to Year Six Students. The cost of the performance is $2 per student and invoices will soon be sent home. At Parkhurst State School, Japanese is our Language Other than English (LoTE) Subject taught as part of our National Curriculum for all learners in Years Five and Six. Culture is an integral part of this curriculum and this is an excellent opportunity for all learners to experience the culture of Japan. A big thank you goes to Mrs Joanne Aaron, our Japanese Teacher for coordinating this special event.

High Five Strategy

Earlier this week during Muster, Mrs Kim Wakelin-Gray revisited the school’s ‘High Five’ Strategy to assist learners who may find themselves in situations that might be regarded as bullying. A copy of the poster that is prominently displayed in all classrooms is below as a reminder.

Step 1 IGNORE
The first, and usually the most effective, is to ignore the annoying behaviour

Step 2 WALK AWAY
From the offending student.

Step 3 WAIT
Politely tell them to stop and wait for them to join in.

Step 4 WARN
Speak assertively, strongly but still politely and tell them to stop it or you will tell.

Step 5 TELL
If you have tried the preceding four steps and the offending behaviour has still not stopped, tell the adult on duty.

Art Work Competition

The Rockhampton Regional Waste and Recycling invite all Year 4-6 students to participate in an Artwork Competition to help the 2016 Waste and Recycling Community Calendar. The Artwork Competition will run throughout Term One and closes on Thursday April 02nd 2015. Competition Pack are available from the Office.

The aim of the calendar is to highlight a range of waste minimisation strategies and to increase the awareness of waste management in the community. For further information, please contact Justine Barrett on 07 4932 9000 or justine.barrett@rrc.qld.gov.au.

Behaviour Plan Sessions

Every year, all classes in their Neighbourhood Groups with their teachers, participate in a session that unpacks our school’s Responsible Behaviour Plan. The thirty minute session examines our school’s values, beliefs and expectations, processes and consequences (both positive and negative). The purpose of these sessions is to ensure every learner and staff member has a consistent and clear understanding of the Responsible Behaviour Plan to ensure our shared school vision can be achieved.

Assisting your Child/ren with Maths

Maths is all around us in real life and there are many activities you can do at home, using everyday items to help explore maths with your child/ren. Recipes are just one example.

- Collect and read recipes and discuss the use of fractions, millimetres and grams.
- Encourage your child/ren to make accurate measurements using measuring cups and spoons.
- Discuss how you would double a recipe. Encourage your child to record the new measurements for the recipe.
- Identify the temperature and cooking time on the recipe.
- Estimate the cost to buy all the ingredients to make the recipe.
- Make a list of the abbreviations used in the recipe and then write them in full, for example, L for litre, mL for millilitre, tsp for teaspoon, tbs for tablespoon.
