Thought for the Week

“After I’m dead I’d rather have people ask why I have no monument than why I have one.”
- Cato the Elder

Virtue of the Week

This week we explore the virtue of flexibility. Flexibility is being open to change. It means not always having to have things our own way. Flexibility is also being open to the opinions and feelings of others and being willing to change your mind. If something doesn’t work, consider a new way and try it. Please consider discussing flexibility with your child/ren over the next week.

Principal’s Message

The weeks are passing quickly and the end of another school year all of a sudden is in sight. This year, explicit instruction, the Central Queensland Region’s signature teaching approach has been implemented across all our learning spaces with much success. This consistent approach and each of its elements, together with our school wide focus on data collection and moderation have contributed to our improvement across our priority areas of reading and writing. Already staff have made predictions that our current Year Two, Four and Six learners will continue this achievement when they too undertake NAPLAN in 2014.

On Tuesday night, the final P&C Meeting for the year was held with many of our regular faces around the table. I would like to take this opportunity to acknowledge the outstanding work of our P&C. Although the group may be small, you could not find a more committed group who have the best interests of our school and its learners at heart. Fundraising is only a small component of their role. It is always fantastic, as Principal to know there is a special group of people readily available to run ideas past, receive feedback and provide input into school policies, procedures and processes. In 2014, the time of our monthly meetings may change to provide increased flexibility for more parents, carers and friends of our school to attend meetings.

On a final note, teachers are in the process of finalising their Semester Two Report Cards for all learners from Prep to Year Seven. Please remember that at Parkhurst State School, every day of learning counts with important assessments still occurring, as is our commitment to learning.

Until next time,

Lyle Walker

Absenteeism Statistics

This Term, Attendance and Absenteeism is a priority at Parkhurst State School. Making sure that every child attends school every day is the key to successful learning. Recent evidence suggests that if a child misses just eight days of school in a year (96% attendance), they are vulnerable to falling behind in school. If attendance drops to 85%, they are at risk of failure. Currently, every class have students with an attendance rate of 85% and below.

This week, teachers analysed the attendance data of their learners within their classes. As Principal, it was alarming to discover instances where some students were maintaining an attendance rate of 57% and lower, which places them at incredible risk of failing school. The parents and carers of these students have been contacted to discuss the strategies we can put into place to ensure everyday counts for their students.

As a Staff, we also discussed the issues being experienced around lateness and early school departures. Being a ‘little’ late, doesn’t seem much, BUT it can and has an impact on learning and achievement. At Parkhurst State School, learning starts at 9:00 a.m. with opportunities for all students to commence their preparations for learning from 8:45 a.m. The best time for learning is at the start of the school day, where the day is set up.

If your child is late, important information is missed and it can be extremely challenging for teachers to quickly ‘catch’ learners up. Likewise, early departures towards the end of the school day or departures throughout the day to attend appointments, etc also impacts on learning. The table below reinforces just how every minute of learning counts.

At Parkhurst State School, we have implemented a range of positive and proactive strategies that promote regular attendance and in turn, achievement. These strategies include...

- 100% Attendance Certificates
- Reward and Incentive Days
- ‘Awesome Attender’ Class Awards
- Publishing Class Percentages each week in the Newsletter
- ‘Every Day Counts’ Champions for five consecutive days of attendance
- Home communication and notification of attendance less than and up to 90%
- Teacher follow up unexplained absences on the third consecutive day
- Administration contact parents and carers on the fifth consecutive day of unexplained absences
- Official non-attendance letters are sent home
- Parents and Carers are assisted to implement strategies to improve attendance
2014 Class Structures

This week, we had anticipated releasing our draft class structures for 2014 based on our current effective enrolment of 332 students. At the current time, this total has varied from day to day impacting on the models we have developed. At the current time, our anticipated student enrolment of 332 students provides us with a full time teacher equivalent (FTE) of 13.43 teachers. We are almost in a position to have fourteen classes in 2014. If our enrolment does not increase, a substantial cost will be required to purchase the additional 0.57 time for the fourteenth teacher.

The final two weeks of school and the time leading up to the start of school are the times when we can typically enrol up to fifteen students. If this is the case, we will definitely be in a position to adopt a fourteen class structure. If either a thirteen or fourteen class model is in place, capacity for future enrolments and growth across all year levels must be in place, meeting the mandated class size targets of 25 learners in Prep to Year Three classes and 28 learners in classes from Year Four to Year Seven. This may, once again include a mix of multiage and single grade classes.

Outlined below is a breakdown of our current anticipated student enrolment by year level.

Thank you once again to those parents and carers who submitted information to the Office to assist teachers place students to classes. We anticipate being in a position in the last week of school to communicate to students their class teacher for 2014 should staffing be finalised. Once again, thank you for your patience and understanding during this exciting time of growth in our school.

Weekly Attendance Statistics

Attendance and absenteeism are our priority and focus this Term. Current research has indicated strong links between attendance and student achievement. To assist all members of our school community to make 'every day count', the weekly attendance percentages for every class will be published. Our current school wide daily attendance rate is 90.9%. Our aim this Term is to reach 96% and have classes of ‘Every Day Counts’ Champions.

Parkhurst Idol Update

Congratulations to all our competitors this year. What a wonderful and impressive bunch they were. As always, the judges overseeing the competition had a difficult with judging. In the JUNIOR Section we have, Seryah and Tom, Holly, Jorja, and Maddi. The SENIOR Section has Lacinda, Montana, Jess, Jared, and Rebecca.

A HUGE thank you to all the entrants who made the competition such a tight one and all who attended to cheer them on. It was also super impressive seeing entrants have a go and stepping out of their comfort zones. You deserve to be so very proud of your efforts.

The Parkhurst Idol Grand Final will be on Tuesday, December 03rd 2013. All parents are welcome to watch the final show. It will be entertaining! The finals will be held in the Assembly Area (AA) at 11:15 a.m. sharp.

Responsible Behaviour Plan

Our revised Responsible Behaviour Plan for Students will be implemented from Day One, Term One 2014. Our Plan is proactive and positive with very clear expectations and consequences outlined to promote school wide consistency. Our Plan outlines for all members of our school community, the specific strategies in place to support students. This week, the ‘High Five’ strategy is included for your information.

‘High Five’ Strategy

1. **Ignore** – the first, and usually the most effective, is to ignore the annoying behaviour.
2. **Walk Away** – from the offending student.
3. **Wait** – politely tell them to stop and wait for them to join in.
4. **Warn** – speak assertively, strongly but still politely and tell them to stop it or you will tell.
5. **Tell** – if you have tried the preceding four steps and the offending behaviour has still not stopped, tell the Adult On Duty.
