Thought of the Week
“We don’t know who we are until we see what we can do.”

-Martha Grimes

Virtue of the Week
Our virtue of the week is detachment. Detachment is experiencing our feelings without allowing our feelings to control us. Being detached allows us to choose how we act in a situation rather than just reacting. When we are detached, we are free to do only what we choose to do. Detachment is using thinking and feeling together so we can make smart choices. Please consider discussing detachment with your child/ren this week.

Principal’s Message
This Monday, Mrs Vanessa Flint commences her new role as the school’s Head of Curriculum, leading the management and enactment of the school’s Curriculum. A key part of the HoC role will include working with teachers to unpack and simplify our curriculum to achieve vertical alignment, ensuring key concepts and skills are sequentially taught at each year level according to the Australian Curriculum. Vanessa will also be providing feedback to teachers from classroom observations, modelling lessons and assisting teachers to analyse the range of data they have to make adjustments to delivery of their curriculum programs. We are very fortunate to have Mrs Vicki Beasley for the remainder of this Term to work with Year 4/5F and I am very confident there will be a seamless transition for learners.

An Action Plan has been developed following our School Review last Term, to address the strategies recommended. Much progress has already been made across each area. At this week’s Staff Meeting, I spoke to Staff about the need to ensure every strategy, action or initiative achieved a ‘return’ on the investment, with clear processes to ensure intended goals are attained within the timeframe, with any potential ‘risks’ considered and managed to ensure quality outcomes for all learners.

I would like to congratulate all learners who represented Parkhurst over the past two weeks in the Regional Shield Competition and District Sports. All are congratulated for their outstanding team work, sportsmanship and effort. I wish those going on to the Regional Sports Carnival next week at Farborough State School the very best. A special thankyou is also extended to Mr Andrew Clair for all of his work preparing our Teams and the ongoing support of our parents. Well done!

Until next week,

Lyle Walker

Mental Computation Strategy
Our mental computation strategy next week is **number splitting**. Below is the poster displayed in all classrooms with an explanation to assist Mums and Dads to help their child/ren in the area or mental computations or ‘number facts’.

When the students have a range of strategies at their fingertips, they can begin to play around with numbers to make addition of unknown facts easier. The poster below shows how $5 + 8$ can be thought of as $5 + 5 + 3$ by number splitting. It is now easy to complete using strategic thinking, double $5$ is $10$ (a friendly number) and $3$ more is $13$. Numbers can be split to make $10$ or to allow doubles to be used.

---

**Number Splitting**
Sometimes it helps to split one or two numbers before you add them. This is called number splitting – it’s fun!

You can use number splitting to add $5$ and $8$.

For $5 + 8$

Say $5 + 5 + 3$

...which makes $13$ altogether.

How would you add $7$ and $4$?

Did you use number splitting?

Demand Writing Program

Our focus on writing recounts continues, with some fantastic responses seen from our weekly writing stimuli. A recount is the retelling of an event or series of events. Recounts can retell factual or imaginary events. Below is the task presented to learners earlier this week.

Secondary School References

State primary schools do not prepare written references for students transitioning to secondary school. Most schools are very happy to accept Parkhurst State School learners as they are well behaved and come from a great primary school with high expectations and standards. If parents and carers are asked for a reference, we suggest enclosing the most current Report Card, which provides more information than the reference. However, if contacted by a secondary school, we are only too happy to provide a verbal referee report.

Earn and Learn Points

Woolworths Earn and Learn is back and it is now easier than ever to earn valuable resources for our school. From Wednesday 15th July to Tuesday 8th September 2015, when you shop at Woolworths you can collect Woolworths Earn and Learn Stickers from the checkout operator or through an online order and place them on a Woolworths Earn and Learn Sticker Sheet. There’ll be one Woolworths Earn and Learn Sticker for every $10 spent. Once completed, simply place the Sticker Sheet in the Collection Box at the Office.

Aluminium Can Ring Pulls

Parkhurst State School is still collecting aluminium can ring pulls for the Ring Pull Association. This week, the ‘Guess the Number of Ring Pulls’ Competition started at $1 for three guesses, coordinated by our Student Councillors. If you have aluminium cans or the ring pulls, send them along to Mr David St Henry in the Music Centre.

Term Three Daily Special Board

Look out for the ‘Daily Special’ Board on an easel outside the Tuckshop that will feature special items available for purchase for a limited time. Ordering via our ‘brown bag’ system remains.

Every Day Counts

Each week, the attendance and absenteeism information regarding every Parkhurst State School learner is analysed to determine the patterns and trends of individual learners and groups of learners. After three days of unexplained absences, classroom teachers contact parents and carers to determine why the absences have occurred. If contact is unable to occur, after five days, the Principal will attempt to contact parents and carers for an explanation.

Trends and patterns regarding learner absences on particular days of the week, for example are also identified. If such patterns are having a significant impact on the learning of students, contact will also be made. Each Term, the parents and carers of any learner who has been absent for less than 90% will be contacted to alert them to the impact this may be having on their child’s achievement, overall performance and success. Currently, 62.5% of our learners attend at or more than 90% of the time.

The following is a current breakdown of attendance by Year Level

<table>
<thead>

In terms of attendance by gender, our boys attend 92.3% of the time compared to our girls at 93.0%.

School Opinion Survey Time

It is not too late for parents and carers to complete this year’s School Opinion Survey by Friday July 31st 2015. Please do not hesitate to contact the school if you require assistance doing so.

Book Week is Coming – Date Change

This year’s theme for Book Week is ‘Books Light Up our World!’ As in all previous years, Parkhurst State School will once again be conducting a Book Character Parade on Tuesday August 25th 2015 commencing at 9:15 a.m. in the Assembly Area. All Mums, Dads and friends of our school are encouraged to participate alongside our staff and learners. Start thinking about your costumes and consider ways items can be repurposed, reused and recycled for this special event.

Term Three Disco Date Claimer

The Student Council, in partnership with the P&C will be holding a Disco on Friday September 04th 2015 from 6:00 p.m. to 8:00 p.m. A theme is yet to be decided. It will be an exciting time to utilise our newly completed concrete space. This will prevent accidents from ‘running in the dark’ and maximise participation and supervision. Tickets will be on sale the week leading up to this much anticipated event.

Speed Zones

Volunteers in Policing are conducting speed surveys in School Speed Zones throughout Rockhampton throughout Term Three. These are non-enforcement surveys to assess the level of compliance by road users to inform decisions about improving signage and undertaking enforcement. The Volunteers in Policing undertaking this work will be wearing their official uniform which has a Queensland Police Service logo on their shirts. They use a standard handheld radar speed “gun”.
