Established in 1900, Parkhurst State School has quickly emerged as a 21st century learning community with a clear vision of providing quality, contemporary learning in a safe, supportive and differentiated learning environment. The school's clear vision is for 'every Parkhurst learner to be literate, numerate, safe, happy and learning every day.' This is supported by the school's catchphrase, 'Tomorrow's teaching and technology TODAY' endorsing this commitment.

In 2008, the school was a State Showcase winner for its leadership in sustaining innovative and engaging learning utilising ICT consistency across all learning spaces. In 2009, the school became a Microsoft Worldwide Pathfinder School for its schoolwide commitment to 21st century teaching and learning. The school has a clear focus on catering for the individual with strong, embedded Early and Middle Years philosophies. Our schoolwide curriculum is aligned to the Australian Curriculum and essential learnings, encompassing the National Values and the school's values of respect, responsibility, resilience, rigour and relationships.

A strong focus on developing active and informed twenty first century citizens is realised through the school's focus on each of the Citizenship roles of being ecologically aware, creative, informed, democratic, literate, numerate, digitally competent and healthy. A safe, supportive, positive and stimulating environment is maintained for all stakeholders, reflecting high levels of satisfaction well above like and state school means. An embedded, open door policy fosters quality, two way collaboration and provides all parents, carers and friends of the school with opportunities to be active participants within the school. Maintaining workforce capacity to ensure the school's forward momentum and ongoing commitment to school improvement and transformation is an ongoing endeavour.

Our Vision
'Every Parkhurst learner is literate, numerate, safe, happy and learning every day.'

Our Motto
'Leap to Lead !'

Our Catchphrase
'Tomorrow’s Teaching and Technology Today'

Our Values (5Rs)
- Respect
- Responsibility
- Rigour
- Resilience,
- Relationships

Our Mantras
- 'Every child matters every day'
- ‘It takes a village to raise a child.’
- ‘Learning is THE work’
- ‘Go narrow and deep’
- ‘Make THE priority, THE priority’
- ‘No excuses, no blame’
- No child left behind
- ‘Every day of learning counts’

Our Shared Beliefs around Teaching and Learning
- Our learners are individuals who learn at their own rate using their preferred learning styles to reach their full potential
- High expectations are essential for high performance
- Our environments are warm, caring, nurturing and stimulating to develop independent 21st century citizens
- Learners learn best by doing and through modelling
- Negotiation, choice, risk taking and challenges are an important part of the learning processing
- Learning must be engaging and connected to the real world
